Tribo Lance TL

The WAGNER Tribo lance TL enables the highly efficient & ergonomic coating of large workpieces without the use of expensive lifting platforms.

The new **WAGNER Tribo lance TL** in combination with the Sprint X manual unit enables an efficient coating of large parts as well as high film thicknesses to guarantee strong corrosion protection for individual requirements. The perfect application solution for complex construction parts with welds und recesses, like components for bridges or truck chassis.

- 10% more production time per day through ergonomic two-handed operation & low weight design
- Up to 15% less coating time & increased transfer efficiency due to flexible 3D nozzle
- Approx. €30,000 investment savings: No need for Ex-proof lifting devices thanks to telescopic shaft with a reach of up to 2.8 m
- Maximum flexibility & lowest investment with alternating use of Corona manual gun PEM-X1 with the same unit

Ergonomic handling
Low weight Tribo lance TL with carbon fibre shaft.
Including wireless gun trigger.

Optimal flexibility in operation
Telescopic shaft with quick-release clamp and 3D-flexible spray nozzle.

Reproducible coating results
Up to 50 recipes can be stored in the Sprint X control unit.

Safe operation from the floor
Long reach with a lance length of up to 2.8 m.

High savings in solvent & material waste
The optimised material flow with the small interior volume guarantees high savings when there is a change of paint or for cleaning.

Maximum flexibility
The WAGNER Sprint X manual unit allows working alternately with the Tribo lance and Corona manual gun PEM-X1.

WAGNER GROUP

Tribo Lance TL

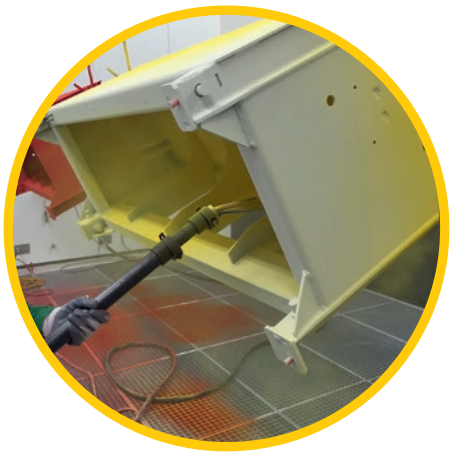
Versions & accessories

Version Tribo TL	Lance length	Components
Sprint Airfluid TL 1000	1,000 mm	Airfluid manual unit & TL lance with fixed shaft
Sprint Airfluid TL Flex 1800	Up to 1,800 mm	Airfluid manual unit & TL telescopic lance with 2-piece shaft
Sprint Airfluid TL Flex 2800	Up to 2,800 mm	Airfluid manual unit & TL telescopic lance with 3-piece shaft

Retrofit packages for Sprint manual units	Components
Tribo lance TL 1-1000	Tribo lance in specified length Radio receiver box Manual switch adapter Corona-Tribo Injector hose nipple
Tribo lance TL 1-1800	
Tribo lance TL 1-2800	

Version Corona & Tribo TL	Lance length	Components
Sprint Airfluid C & TL 1000	1,000 mm	Airfluid manual unit with Corona PEM-X1 & TL lance with fixed shaft
Sprint Airfluid C & TL Flex 1800	Up to 1,800 mm	Airfluid manual unit with Corona PEM-X1 & TL telescopic lance with 2-piece shaft
Sprint Airfluid C & TL 2800	Up to 2,800 mm	Airfluid manual unit with Corona PEM-X1 & TL telescopic lance with 3-piece shaft

Hose set	Components
Set 1 (8 m)	Powder hose 11 mm Grounding wire Tribo air hose Protection hose
Set 2 (12 m)	
Set 3 (16 m)	



Special case:
Powder application Coat-2-Coat*

- First layer with primer (Tribo), second layer with top coat (Tribo)
- Perfect solution for double layer coating
- Avoids intermediate curing process, saving energy

*special powder composition is required
